

APAC VIRTUAL SUMMIT: CELL & GENE THERAPY HORIZONS

SEPTEMBER 10, 2025

Join ARM at our upcoming APAC Virtual Summit: Cell & Gene Therapy Horizons, a half-day virtual workshop exploring the rapidly evolving landscape of cell and gene therapy (CGT) across the APAC region. This summit will provide insights into CGT development, regulations, and commercialization in APAC.

Participants will gain access to presentations, in-depth discussions and expert-led panels covering:

- **Innovative Development:** Hear from CGT developers & manufacturers on their CGT development programs and path to commercialization. Discover development paradigms tailored to regional needs.
- **Regulatory Framework:** Navigate the diverse and complex regulatory frameworks across APAC markets, with perspectives from leading health authorities and industry experts.
- **Commercialization Strategies:** Learn how to overcome market access challenges, build sustainable business models, and form strategic partnerships for successful CGT programs.

9:00 – 9:10am	Opening Remarks Rita Johnson-Greene , Chief Operating Officer, ARM
9:10 – 9:40am	FEATURED SPEAKER: Current Status of Regenerative Medical Products in Japan Yasuhiro Kishioka , Review Director, Office of Cellular and Tissue-based Products, Pharmaceuticals and Medical Devices Agency (PMDA).
9:40 – 10:10am	FEATURED SPEAKER: Regulatory Oversight of Cell, Tissue and Gene Therapy Products in Singapore Christine Ho , Director, Advanced Therapy Products Branch, Health Sciences Authority, Singapore
10:10– 10:30am	Bridging Innovation: Regulatory and Strategic Pathways for CGT Access in APAC via Taiwan Cyrus Yang , CEO, Taiwan Bio Therapeutics
10:30– 10:50am	Commercializing Novel iPSC-based Products in Australia Kilian Kelly , CEO & Managing Director, Cynata Therapeutics
10:50– 11:00am	Break
11:00– 11:20am	Regenerative Medicine in Asia-Pacific: Navigating Challenges and Leveraging Opportunities Nadiya Kravchuk , Sr. Director of Asia Pacific CDMO and Biologics Testing, Charles River Laboratories
11:20– 11:40am	Navigating Regulatory and Commercial Pathways: Advancing Gene Therapy in the Japanese Market Francis Pang , Senior Vice President, Global Market Access and International Geographic Expansion, Orchard Therapeutics

- 11:40– 12:00pm **Selecting a Manufacturing Location for APAC-based Gene Therapy Companies**
Vera Araujo, Senior Director, Business Development, Andelyn Biosciences
- 12:00 – 1:00pm **Panel Discussion – Industry Perspectives**
Nina Tandon, CEO, EpiBone
Monica Shah, Chief Medical Officer, CTI Clinical Trial & Consulting
Chris Shilling, Chief Regulatory Officer, Forge Biologics
Eytan Abraham, Chief Commercial & Technology Officer, Minaris Advanced Therapies
Sarah Busch, Chief Scientific Officer, Healios NA
- 1:00 – 1:05pm **Concluding Remarks**
Rita Johnson-Greene, ARM
